PROJECTS

Nomah Coffee Web App *accessible on github*   July 2021 – Present
- Constructed the web version of a coffee shop app using React and Django
- Integrated Bootstrap within React to build user interface for authentication pages and main shop page

1010 Playing Cards   May 2020 – Present
- Founded a personal business to design, market, and sell custom playing cards
- Partnered and communicated with larger companies, like United States Playing Card Company and Gambler's Warehouse to facilitate production and shipment of goods
- Utilized Kickstarter, a crowdfunding website, to fund each project

Ubuntu Vault   March 2019
- Developed a hardening script using Shell for the Linux distro Ubuntu
- Prevents threats on company employee's computers by removing unnecessary media files, setting proper login restrictions, and fixing many other vulnerabilities

EXPERIENCE

ServiceNow, Remote   January 2021 – June 2021
DevOps Engineer Co-op
- Developed internal utilities designed to ease the process of flushing cache on ServiceNow webpages, automate construction of web pages for a faster go to market, and pull data from various APIs to support the company's Knowledge 2021 event
- Constructed a business intelligence dashboard using Dash by Plotly for our marketing lead-upload tool, providing a simple way to analyze the effectiveness and status of this tool

Techno Smart Kids, Remote   June 2020 – November 2020
Instructor
- Created and taught engaging curriculum based around Python's Pygame library to develop further interest in Computer Science for students (ages 8-12) over Microsoft Teams

StarGate Technologies, Lawrenceville, GA   August 2018 – May 2019
Intern
- Led customer's laptop and desktop repairs and aided in building desktops for local businesses

ACTIVTIES AND INTERESTS

TAMID Group
- Gain skills and understanding in investment, entrepreneurship, consulting, and tech consulting, stemming from the Israeli startup ecosystem.
- Worked as a developer on a tech consulting project utilizing Typescript, React, and Git

Northeastern Intramurals Sports
- Squash and Kickball
